

I'm so  
*grateful...*

To the USAFA Class of 73,

My family and I would like to thank you for your donation to the USAFA Endowment in memory of our brother. My brother, Joseph Forman Sabine Meachem, known to most of you as Meach had two families. His family by blood and his military (academy) family.

During my brother's final days, former classmates took turns sitting with my brother. Often having to travel great distances. Many of you have said you would have visited him if you'd known of his illness.

After my brother's death classmates continued to help. When I was unable to attend my brother's funeral at the USAFA because of my wife's illness, classmates took over and arranged for a reception.

My family is TRUELY gratefully,

  
James Meachem

...for your *thoughtfulness,*  
your *kindness,*  
and your *generous heart.*

*Thank  
you so*
